Partner for progress

According Pressure Equipment Directive 97/23/EC
Module E1

Kiwa has determined that the quality management system of the manufacturer stated below meets the requirements of Annex III, E1 of the Pressure Equipment Directive 97/23/EC.

Manufacturer

Name Teseo srl.
Address Via degli Oliandri, 1
Place 25015 Desenzano del Garda (BS)
Country Italy

Pressure equipment

Description Modular aluminium installation line (Alloy EN AW 6060-T5/T6, UNI-EN 573-3:1996)
Type AP
Category -Article 3 par. 3 (Ø 20mm, Ø 25mm),
-Category I (Ø 40mm)
-Category II (Ø 50mm)
Documentation Manual Teseo COD.960.000.001, dated 30-11-2012
Scope Modular piping system for fluids.
Max. operating pressure Ps= 25 barg.
Maximum operating temperature Ts = 70°C.
Diameters Ø 50mm, Ø 40mm, Ø 25mm, Ø 20mm.

Certificate

Number R09351RM-02
Date of Issue April 1, 2013
Valid until April 1, 2016

Remarks

An extended survey according module E1 has been carried out. The requirements have been fulfilled for all mentioned parts in the AP-product range.
This certificate is limited to fluids as listed on the backside of this document.

The pressure equipment shall carry the mark as indicated below:

CE 0620
